

Imagine life without a paycheck!

According to the National Safety Council, a fatal injury occurs every 5 minutes and a disabling injury occurs every 1.5 seconds¹. When a disabling injury or illness strikes, income stops. How would your life change if you suddenly had no money coming in to pay for things like rent or mortgage, utilities and other monthly expenses?

The good news is, with Disability Income insurance from Mutual of Omaha Insurance Company, you can protect your financial security from the threat of disability.

Disability Income provides a monthly benefit when you suffer a covered injury or illness. It's like continuing to receive a paycheck even though you can't work.

I'd like to tell you more about how Disability Income insurance can help you safeguard the lifestyle you've worked so hard to build. Just fill out the Information Request below, detach, and return it in the postage-paid envelope included. I'll contact you soon to set an appointment at your convenience.
